### Session II: Meeting Your Dog's Mental & Physical Needs

Training with your dog not only helps you control your dog, but also tires him more than physical exercise alone. Mental stimulation provides challenges, a sense of accomplishment, and a positive way to channel energy. Dog owners shouldn't depend only upon physical exercise at the park for their dogs. We'll discuss things to do to enhance the dog/owner relationship and your quality of life together.

**Date:** Saturday, June 8 (registration closes June 1)
